

THROW A POSTCARD PARTY! SEND APPRECIATION TO...

# ABORTION PROVIDERS

## It's always a good idea to celebrate and appreciate abortion providers!

Their already hard jobs have become even more difficult as the abortion access landscape continues to shift dramatically. Thank you for taking a moment to thank providers for their dedication, compassion, resilience, and courage.

Gather your friends and favorite art supplies (markers, crayons, brushes, and dare we suggest... glitter)! Get together, decorate and fill out these postcards, then send or deliver them to your local clinics. Consider spreading more love and make a plan to send postcards each month, so providers continue to feel appreciated! Tip: Postcard writing parties can also take place virtually!

## SAMPLE MESSAGES

Handwritten notes are the most personal!

Here's some sample language for your notes:

- My name is [Fill in your first name OR first and last name]. I am grateful for the work you do to help people obtain abortions. Today and everyday, we celebrate you and the important work you do.
- I know these last few years have been especially hard, as the opposition works to shame you and others who are called to do this healing. We owe you a debt of gratitude for your courage and compassion.
- Rhyming greeting: For the quality care you provide, as Jews we are on your side. Thank you through and through, for all the good you do.
- *Hakarat HaTov*, or recognizing gratitude, for all the ways you – as abortion providers – help those in need achieve their goal and dreams.
- Judaism not only supports abortion, it even requires it at times when the life of the pregnant person is endangered. Thank you for all the people you've supported to make the right decision for themselves, whether they decide to keep the pregnancy or have an abortion.
- Thanks for the quality care you give to those in need, and for doing it with compassion and kindness.

## LOCAL PROVIDER CLINICS

The Abortion Care Network offers [this comprehensive list](#) to find local independent clinics in your area. Click their links for each clinic's website and mailing address. For security reasons, postcards are preferred to greeting cards.
